

Lochgoil Watersports Club

Wash Bay Declaration

Prior to any member gaining access to the Boat Wash Down Facility within the boat park, he or she must first notify a committee member of his/her requirements.

Whilst the club is providing this facility, it is the member who requested the use of the Boat Wash Down Facility who will be fully responsible for the use of the Boat Wash Down Facility during the requested period of use.

All members using the Boat Wash Down Facility must familiarise themselves with the safe operation of the Boat Wash Down Facility.

The Lochgoil Watersports Club takes no responsibility for the equipment and or the safety of the Boat Wash Down Facility User during the requested period of time.

All members must ensure that the area used for the wash down is properly cleared away of all debris and that the Jet Washer and Generator are returned to storage in the condition in which they were provided.
